

GET CREATIVE!

This experience is all about making something new, getting out of your comfort zone, and letting loose in a unique and clever way. Perfect for your extroverted team looking to share some laughter and work those creative muscles. There is no trivia here; instead, we feature our mini-games that ask our players to provide the fun.

Who can find the funniest GIF from a prompt in Instant Meme, win a debate on which famous character would prevail in an imaginary (silly) fight in Royal Rumble, use their best (silent) acting skills in Charades, or come up with the most original caption in Telephone Pictionary?
